BURGERS

WITH FRIES & COLESLAW UPGRADE TO SWEET POTATO OR CURLY FRIES £1

Our beef burgers come from happy organic Short Horn cows that roam free range on hills in the South West. They only eat grass, and grow to a decent age. The farmer takes a lot of care to provide us with mince to our exact requirements. It's dry aged for up to four weeks before being sent to us. We shape our burgers by hand & cook them fresh to order so please anticipate a short wait, especially during busy periods.

 **Gluten free buns are available with all of our burgers** 60p supplement

LIGHTEN UP!

All of our burgers are available without the bun. Just ask your server & we'll change it for a salad
